

FAIRYTALE CHRISTMAS.

Cinderella has taken over from Santa Claus in Cave Shepherd's show window this Christmas.

Last Friday night the popular Broad Street store unveiled its fantasy show window depicting the Cinderella story, a big favourite with children.

This year Cave Shepherd decided

not to go with the traditional theme of Santa Claus, reindeer and The Nativity but to share a popular fantasy.

Renaissance Design and seven students from the Fine Art Department at the Barbados Community College produced the display.

Here, Cinderella is adorned in a golden gown meeting her handsome and dapperly dressed prince.
