

## Cave Shepherd arrives on south coast

LAST minute Christmas shoppers seeking a wide variety of fashion, fragrance and household items all in one location, have another place to shop this month when Cave Shepherd opens its newest store at the site of the former Vista cinema on Worthing main road, Christ Church.

Operated by the Duty Free Caribbean Group, the store opened for business last weekend and offers international brands, electronics, music, books, designer clothing for men

and women, sunglasses, Bijoux Trener accessories and music.

Although jewellery and watches will be available for Christmas at this location, Colombian Emeralds International's new concept design will not be completed until the New Year.

Also promised for early next year is a special treat for the south coast shoppers in the form of a Coffee Shop that will allow them to take a break when shopping.

"In spite of the challenges, we decided to open the store simply because of

customer demand. We are eager to serve our customers for this very busy Christmas season, with a view to completing the store in January," explained Maureen Davis, Chief Development Officer for Duty Free Caribbean Holdings.

"We are pleased to be able to serve our customers on the south coast and are very confident of the store's bright future."
